Update: Section 301 List 3 - Duty Increase from 10% to 25%

Dear Valued Customer,

The United States Trade Representative (USTR) released an announcement this morning confirming President Trump's Twitter post of his intentions to increase the tariff rate on List 3 from 10% to 25% this Friday, May 10th. The duty increase was originally set for the start of 2019, but was postponed as trade talks between the US and China continued.

Our OEC Group Brokerage team determined that the US Customs and Border Protection has updated their database to reflect the duty increase to 25% on List 3 shipments arriving on or after May 10th. As the situation remains fluid, OEC Group anticipates the US government will release additional details in the coming days.

OEC Group is following this case closely and will further explain the implications as more information is made available.
